COUNCIL ASKS SANCTION OF ROAD WORK PROGRAM

The regular meeting of the town council on Monday night was attended by Mayor Farmer, Councillors Patterson, McVey, Sartoris and Hamilton; Secretary Kelly, J. E. Howe, Baptiste Seriani, J. E. Gillis, Chief Spence and a press representative.

The minutes of previous regular meeting and of a special meeting held on June 11th, were read and approved and a number of accounts were passed for payment.

The action of the special meeting in granting exemption from taxation to Harry Griebach, because of the age, infertility and infirmity of his dog Polly was approved by the council.

Mr. J. E. Gillis, of the firm of Gillis & Mackenzie, solicitors, was authorized to negotiate a settlement with the department of municipal affairs in respect to the hospital account of Mrs. Russell, Macleod.

Mr. Baptiste Seriani addressed the council at great length on the subject of "Social Hygiene." He urged upon the council the importance of protecting streams from pollution and of keeping pigeons off the potato stalks and banana blossoms.

The request of Fire Chief Morency for sweaters for firemen was considered favorably. The council instructed the secretary to order one dozen sweaters, which will bear the initials "B.F.D." These are to be held by the town to be used only by firemen on duty or at practices.

Communication from the secretary of the Union of Alberta Municipalities, asking that the town be represented at the annual convention being held in Edmonton on June 21st and 22nd, was filed. Council did not see their way clear to send a representative.

Secretary was instructed to write the provincial department of public works, asking the department's sanction of the road work undertaken here, with a view to accepting the government's assistance to the extent of fifty per cent.

Secretary was also instructed to call for tenders for the laying of a water pipe line, leading from the main at the north end of Eighth Avenue to the Catholic and Protestant cemeteries. The piping for this purpose, 500 feet of half-inch and 600 feet of one-inch, has been ordered from Cranes Limited, Calgary.

Tenders will also be invited later for the building of a concrete sidewalk, six feet in width, extending about 1400 feet, from Beebe's corner to the residence corner of Baurle Green.

Councillor Hamilton informed the council that the majority of ratepayers in Block five had expressed themselves as quite content with the plank sidewalks along Seventh and Eighth avenues, provided same were kept in proper repair.

Secretary was asked to have an engineer make a plan for a new bridge crossing Lyon Creek on Main Street south, with a view to calling for tenders for the construction of same.

FAREWELL OF CAPT. AND MRS. J. HIND, S.A.

Editor Enterprise.
Dear Sir—Would you allow me through your paper to thank the people of Blairmore and district for their help and kindness to Mrs. Hind and myself during our stay in the Pass.

We approach our last week with mixed feelings and pray that the blessing of God will be upon the town and people of Blairmore.

CAPT. HIND, Salvation Army,

Inspector Scott, of the A.P.P., Lethbridge, paid us his first visit since receiving his new appointment last week end.

SCHOOL DISTRICT MILL RATE REDUCED ONE MILL

A special meeting of the Blairmore Board of School Trustees was held in the secretary's office on Tuesday night. Chairman W. H. Chappell presiding. Members McDonald, Tompkins, Beebe and Pinkney were present.

The business of the meeting was consideration of estimates, setting a rate of taxation and considering the teaching staff for the fall term.

According to the estimates submitted, it was necessary to raise \$27,320 to cover operation for the year 1928. Towards this the government grant would be in the neighborhood of \$4,000, so that the sum of \$23,320 was to be raised from an assessment of \$1,606,920.

Last year's rate was 18 mills, which after the year's operation left a small surplus balance. To provide this year for a Grade XII. room and possible salary increases, a rate of 17 mills was considered sufficient.

A very favorable report upon the work of Principal McPherson was received from High School Inspector J. A. Smith.

The board decided to offer renewal contracts to the following teachers: Principal McPherson, Misses Cox, Hyson, McDonald, Poxi, Brunetto, McVey, Tompkins and Crystal and Mrs. Fleming, and to advertise for a specialist in primary teaching and an assistant high school teacher.

Upon motion the Board again offered to pay examination fees for orphan children attending the school and to provide them for the year with supplies.

At the request of a member of the Board, the secretary had written the deputy minister of education, complaining that there had been no inspection of the public school here for upwards of sixteen months. In reply the deputy minister stated that probably the inspector intended to do the work early in the fall term. Some satisfaction!

Upon motion, it was decided the school should close for the summer vacation on Friday, June 29th, to reopen Monday, August 26th.

Secretary Kelly was appointed probation officer, and the school lads that appeared before the magistrate early in the week will have to report to Mr. Kelly once a week for two months.

The next regular meeting of the Board will be held at 8 p.m. on Tuesday next, June 26th.

MINERS' PICNIC JUNE 27

The Blairmore Miners' annual picnic and sports will be held on the Athletic grounds, Blairmore, on Wednesday, June 27th.

Frank and Blairmore children will meet at the Blairmore central school at 1 o'clock sharp, when they will receive their tickets for ice cream, soft drinks, peanuts, candies and fruit. They will then proceed to the grounds, headed by the Coleman band.

At the grounds there will be children's races, six to sixteen years, married ladies' race, single ladies' race, miners' race, single men's race, old men's race, timber packers' race, etc., for which good prizes will be awarded.

For further particulars, apply to the sports secretary, Mr. Thos. Smith.

STAFF-CAPT. J. MERRITT

On Monday next, the staff-captain of the Salvation Army will visit Coleman, to conduct a special meeting at 4.30, the final farewell of Capt. and Mrs. Hind.

There will be representative speakers of all denominations.

Don't fail to hear the staff-captain speak and play his concertina.

Clareholm Elks' carnival will be held July 5th, 6th and 7th.

ROADSIDE FIRST AID STATIONS A NECESSITY

The extent to which motor cars contribute to the great loss of lives and persons injured on the roads on the American continent at the present time seems to make out a clear case for some regulation for all mechanically propelled vehicles that would compel them to carry First Aid equipment, and that the driver should be trained in the use of it.

We are rapidly coming to the time—in fact it should be now—that roadside First Aid stations will have to be established at different points along the roads.

One has only to pick up any newspaper on any day of the week and read the list of accidents and fatalities that are published, and it will be seen that roadside stations are a necessity. Anything that can be done to reduce the number of road accidents calls for the sympathetic and practical support of all concerned. Every person can not be the owner of a car, or even use a car in any shape or form, not having the desire, but all can join the list of First Aiders and lend a hand and help to relieve the sufferings of those who are unfortunate enough to be the victims of road accidents. There is no lack of opportunities for First Aid men, women, boys and girls to apply their knowledge, no matter how their numbers increase. Whilst every means are being devised to reduce the perils of the road, all who undertake to make themselves proficient in First Aid can help in relieving the great amount of human suffering and do something to extend man's humanity to man.—Cont.

THE CANADIAN LABOR DEFENSE LEAGUE

An appeal is being made to labor unions throughout Canada in behalf of the victims of political atrocities in Italy.

It is claimed that political atrocities follow each other in quick succession and that the general secretary of the Canadian Labor Defense League is compelled to draw attention of the various locals to what is taking place in Italy and to ask that labor throughout Canada act, and act without delay, by organizing indoor or open air meetings of protest, pass resolutions in trade unions and fraternal organizations, etc., and to send wires of protest to the Italian consul at Montreal.

Suggested slogans are: The abolition of the special Fascist tribunal and the annulment of the exception laws; demand for investigation by an impartial committee to ascertain conditions of the political prisoners in Italy; to demand that the trials against the victims of the three protests be conducted in the open; to demand the admission of foreign lawyers and journalists to the Milan trial in Italy, and to help the victims of Fascism in prison.

The following resolution is being endorsed by the Canadian trade unions:

"WHEREAS, the Fascist regime of Mussolini has imprisoned thousands of workers and has been responsible for the deaths of thousands more, and WHEREAS, the Fascist government of Italy is at this time endeavoring to railroad to long terms of imprisonment, and perhaps death, thirty-two leaders of the Italian Communist party, and this through the obvious exception laws passed some time after the victims were arrested, and WHEREAS, this trial is being conducted secretly through the same exception laws:

"THEREFORE BE IT RESOLVED, that we protest against the terrorist Fascist regime of Mussolini and demand:

"1. That the trial of the communist leaders be conducted in the open and that the special Fascist tribunal be abolished and the exception laws annulled;

"2. That all political and labor organizations have the right to legal existence;

"3. That the right of asylum in Canada be allowed anti-Fascist and other political refugees;

"And be it further resolved that his resolution be sent the press, the Italian consul at Montreal and Premier King."

W. D. Spence, deputy minister of municipal affairs, was in Blairmore last week on a brief visit.

Mrs. C. D. T. Becher, of Macleod, is the guest for a few weeks of her daughter, Mrs. J. B. Wilson.

The town of Okotoks has purchased 5400 gallons of oil from the Imperial Oil Co., for use on streets.

Blairmore's annual stampede takes place in the arena on June 29 and 30 and July 2, and the Elks promise to put a stop to all bucking on this occasion. The chronic grouch or knocker should avail of this opportunity to disinherit himself of his mania.

At the recent session of the Masonic Grand Lodge, held in Calgary, A. M. Mitchell, of Edmonton, was elected to succeed G. B. Cruickshank, of Hillcrest, as grand master. Rev. Canon S. H. Middleton, formerly of Pincher Creek, was elected deputy grand master and John W. S. Kemmis, of Pincher Creek, grand secretary, succeeding the late S. Y. Taylor. W. H. Chapell, of Blairmore, was elected grand registrar.

M. H. Lister, late assistant manager of the Bank of Montreal in Calgary, has been appointed general manager of the distribution system of the Alberta breweries.

Eric Muncester, B.A., vice-principal of the local school, has been appointed sub-examiner, to read examination papers in third year literature. This work begins at Garneau school, Edmonton, on July 4th.

The Fernie school board has granted substantial salary increases to teachers of the high school. Now, the principal will receive \$3000, Miss Carrie \$2080, Miss Turner \$2020, W. H. Cliff \$1960 and Miss Thompson \$1920.

An Englishman was seeing some "collegiate" dancing for the first time. He seemed greatly impressed and after a lengthy pause he inquired of his guide: "I say, my dear chap, they marry afterward, don't they?"

Quite a number of towns in the province have accepted the government's proposition re grading and graveling the main highway through the towns on a fifty-fifty basis, under government engineers and supervision.

Revs. H. E. James, Fishburn, and J. H. Garden, B.D., Pincher Creek, preached their farewell sermons on Sunday last and next Sunday these pulpits will be occupied by the new pastors, Revs. Hepburn and Villetto. Mr. James has moved to Castor.

A regrettable accident happened near the Frank Slide late on Tuesday evening, when owing to glaring lights of an approaching car, a car driven by Albert Krywolt went into a ditch, hitting and injuring three young girls who were also blinded by the lights. Two of the girls suffered severe injuries and are patients at the local hospital.

The Okotoks tax rate for 1928 has been set at 45 mills, being school 21, town 23% and supplementary revenue half mill.

Dr. Salem G. Bland has retired, after fifty years in the pulpits of the Methodist and United churches in Canada.

And what has become of the old-fashioned mother who told her daughter it was not nice to look in a barber shop as she passed?

Man is the only animal that can take full advantage of all that has gone before, yet statisticians tell us that only one-half of one per cent ever do so.

General favorable comment is heard everywhere on the work being accomplished by the town's new tractor and grader. More real work was accomplished on Monday than could have been done by horse teams in four days.

The mother of Hon. R. G. Reid, provincial treasurer, died at Mannville at the age of 78.

Contractor E. J. Pozzi has secured the contract to repair the roofs of the local plant of the Canada Cement Co., Limited.

Miss A. Earhart, of Boston, successfully made the flight from Trepassey, Newfoundland, to Wales on Sunday, being the first woman to make the Atlantic flight. Miss Boll, her competitor, decided to discontinue the voyage from Trepassey on learning of Miss Earhart's landing.

A rich but eccentric man died. The clergyman, who was young and new to the parish, thought it a fitting opportunity to call and comfort the widow. "You must not grieve," he told her. "The body that lies here is not your husband. It is merely a husk, an empty shell—the nut has gone to heaven."

CALGARY EXHIBITION AND STAMPEDE

Calgary has become famous all over the world for its great annual celebration, the Calgary Exhibition and Stampede. An indication of its success is in the following attendance figures: 1922, 97,732; 1923, 137,838; 1924, 167,279; 1925, 178,668; 1926, 197,471; 1927, 210,879.

The Calgary Exhibition is the show window of Western Canada, where a magnificent display of live stock, governmental, agricultural, industrial and domestic exhibits may be seen.

This year the combined celebration will be held July 9th to 14th, when His Excellency Viscount Willingdon, Governor-General of Canada, and Lady Willingdon will be present and participate in many events during the week.

To provide for the tremendous crowds expected this year, a large addition is being made to the grandstand, which gives Calgary the second largest seating capacity of any exhibition in Canada. An extensive addition is also being made to the cattle pavilion.

The opening feature, the Stampede parade, will this year surpass all others. Headed by His Excellency the Governor-General and a number of men of prominence, followed by the Royal Air Force Band direct from London, it will be of special interest. There will be at least fifteen bands and the parade will be seen by fifty or sixty thousand people. The Morning Street Display will be held on Tuesday and Thursday mornings.

The Stampede events will be especially thrilling. The Exhibition has now a herd of seventy Brahma

steers for the steer decorating and steer riding contests; and with the top bucking horses purchased and others already arranged for, the best stock ever used at the Stampede is assured. There will be from fifteen to eighteen chuck wagons in the chuck wagon race and contest, and stockmen are coming from all over Western Canada and the Western States.

The running race programme will bring together the finest thoroughbreds in the West and from the Western States. The vaudeville fea-

Revelstoke, Queen City of the Ski-Jumpers

The town of Revelstoke, nestled among the Selkirk Mountains in the broad valley of the Columbia river, in British Columbia, is noted for two things: its National Park, situated on top of Mount Revelstoke, and its world famous ski-jump where world records have been made and up to the present date not surpassed.

The Revelstoke Winter Carnival extends from February 6-10 inclusive. During this celebration the fourteenth annual ski-jumping tournament takes place on February 7-8. The famous hill, where the jumps are made, has a total length of 1,750 feet, with a runway of 600 feet. The distance from the take-off to the farthest point at which a safe landing is assured, is 280 feet, or 40 feet beyond the present world record.

Nels Nelson, a brakeman on the Canadian Pacific Railway, established his world record jump of 240 feet in 1925. The woman's record jump of 84 feet was also made on the Revelstoke ski hill in 1922, by Isobel Coursier, a record which still stands. Little children in this mountain town who can do little more than walk begin to ski as soon as there is sufficient snow and they are brought up to think no more of skiing than the average child thinks of walking. The children have their own hill and little jumps from which they graduate one by one.

Revelstoke has an unusually large skating rink for the size of the town and there are four curling rinks. The dates for the Band Winter Carnival are from February 4-11, making it possible for sport enthusiasts to take part in both events. Canadians are great lovers of the out-of-doors and winter sports are an important factor in the lives of young people in this land of the maple leaf. Quebec and Montreal are the two eastern centers for sports, Winnipeg in the middle west and Banff and Revelstoke still farther west. Western Canada has an abundance of sunshine and the weather is all anyone could desire for it does not freeze and thaw alternately, postponing special competitions or trips, but remains a fairly even temperature. Canadians and Americans will soon realize the utility of traveling long distances and spending large sums of money to enjoy winter sports in Norway, Sweden or Switzerland when there are so many delightful winter resorts in the Dominion of Canada.

Throwing a Lot of Light on a Dark Continent

AFRICAN OSTRICH FARM

Africa as the "Dark Continent" belongs to the recent past. Remote places are no longer inaccessible in these days when international airman are hobnobbing with the Poles and family flights and wireless telephones are linking up the Old World and the New.

Last year the first party of tourist adventurers to Africa left New York, and next winter six cruising ships with Africa included in their itineraries will sail from that port. The Canadian Pacific Steamship "Empress of France," will leave this month for her scheduled South American-South African cruises, touching the West Indies en passant.

While Canadians were settling Canada, the South Africans were fighting blacks, and a visit to Rhodes' grave in the Matapos Hills will recall his magnificent daring in making peace with the Matabele in the very heart of their stronghold in these same hills.

Victoria Falls will also be visited and our adventurers will catch the spirit that abounds in "The Smoke that Thunders," of the native name or the Arabic which means "the end of the world." America's gold rush of '49 has its counterpart in

the developments on The Rand, which no visitor to Africa will miss, but the diamond rush to the Kimberley mines in 1870 is unique. The first discovery was made by a trader, who picked up a brightly colored stone a child had been playing with. The assay proved this a spectacular diamond and now at the mere mention of Kimberley the whole world is "diamonded" in utterance. Barely forty years these mines have yielded 600,000,000 worth of these gems. A chunk of the joy of seeing rough diamonds come out of the earth and home at a buy

for next winter's adventures to Africa. Ostrich feather farms are one of the oddities of Africa destined to thrill the heart of every feminine visitor and, wonderful to relate, Paris fashions are sent out by parcel post to Johannesburg and reach there before they come to Canada. However, there are still plenty of natives in their national garb, and talking drums and Zulu war dances to be seen and heard in fact, the war dances are a Sunday morning institution in the bazaar at the mines and are encouraged by the owners as an attraction.

tures are exceptionally clever and entertaining. On Saturday night the most spectacular fireworks ever seen at Calgary will conclude the programme.

Exhibition entries close on June 23rd, and for the Stampede July 5th. Prize lists and entry forms may be had on application to the Exhibition Offices, Calgary.

CONTRACTS LET FOR SOUTHERN HIGHWAYS

Contracts have been awarded during the past week by the department of public works for two sections of highway in the southern part of the province. The contracts call for standard highway construction of the twenty-eight miles from Lethbridge to Macleod, and the thirty miles between Macleod and Pincher.

Tenders will be called for within a few days on another section of road between Stirling and Lethbridge, which will practically complete the season's programme in the south of the province, with the exception of a number of short links connecting up various sections of the main highways.

Construction work is also expected to start shortly on the Wetaskiwin-Camrose road, twenty-eight miles in length, following the route laid out by the department of public works.

ALBERTA CROPS ABOVE AVERAGE CONDITION

Alberta's wheat crop this year is in better condition than the average for the past ten years, according to the report issued at the end of May by the Dominion bureau of statistics. Taking the figure of 100 as the ten-year average, Alberta's spring wheat crop is shown by this report as 103, Saskatchewan's 98 and Manitoba's 95. In Ontario the average is shown as 97 and in Quebec 100.

ALBERTA BEAVERS SHIPPED TO SCOTLAND

A pair of beavers from Alberta have been donated by the Dominion government to the Edinburgh Zoological Gardens. They were captured and conditioned in Jasper National Park, transported to Montreal and shipped on the s.s. Cairnisk, which sailed for Scotland on May 18th.

GOVERNOR-GENERAL TO VISIT PEACE RIVER COUNTRY

A week's trip through the Peace River country during July is planned by Viscount and Lady Willingdon, according to word just received by Premier Brownlee. Their excellencies hope to leave Edmonton on their northern trip on July 15, going by train to Peace River, from there by motor to Dunvegan, thence by Hudson's Bay steamboat up-river to Peace Coupee and driving back through the Valhalla district to Grande Prairie, from where they will return by train to Edmonton. It is the intention of the government, with the co-operation of various organizations in the north, to make the excursion into the northland a real event for the governor-general and his party and to show them as much as possible of the farming districts where such marked development is taking place this season.

The emigrant was buying his ticket at the shipping office. "And what about your trunk?" demanded the clerk.

"For what would I be wanting a trunk?" asked the bewildered emigrant.

"To put your clothes in, of course," replied the clerk.

"What?" cried the scandalized emigrant, "and me go naked?"

"Girls were harder to kiss in your days, weren't they, Grandpa?"

"Well, mebbe; but it wasn't so blame dangerous. The ol' parlor sofa wasn't apt to smash into a tree just about the time ye got all puckered up."

Heals Eczema in 7 Days or Less

Here is a surgeon's wonderful prescription now dispensed by pharmacists at trifling cost, that will do more towards helping you get rid of unsightly spots and skin diseases than anything you've ever used. Not only does this great healing uniscentic oil promote rapid and healthy healing in open sores and wounds, but boils, abscesses and ulcers that are discharging are almost immediately relieved and cleanly healed.

In skin diseases its action is little less than magical. The itching of eczema is instantly stopped; the eruptions dry up and scale off in a very few days. The same is true of barbers' itch, salt rheum and other irritating and unsightly skin troubles.

You can obtain Moore's Emerald Oil in the original bottle at any modern drug store. It is safe to use, and failure in any of the ailments noted above is next to impossible. All druggists can supply you at any time.

COWLEY HAPPENINGS

Mrs. S. Tustian has returned from a visit with her son Les and family at Homer, B.C.

Miss Jean McEwen, of Carmanagay, has returned home on account of her mother's illness.

The final exams for all classes under Grade VIII, were held this week in the village school.

The ladies of the Catholic church served refreshments on Cowley's big sports day. A neat sum was added to their funds.

Mr. and Mrs. Archie Swart went to Lethbridge on Tuesday, to attend the wedding of their niece, Miss Tweedle, of Lethbridge.

Mrs. P. McEwen is alightly under the weather at present. She made a trip to Hillcrest to consult Dr. Rose in regard to her well being.

Mr. George Dwyer and two sons, Charlie and Tom, of Three Hills have returned to town to do a bit of farming on their property here.

On Saturday afternoon, the Maple Leaf junior baseball team played the Cowley junior team at Cowley. The score was 13 to 6 in favor of Maple Leaf.

M. A. Murphy, Archie Swart, Jim Edwards, Arthur Denmore, Jack Welsh and Bert Connolly returned on Friday from a business trip to Calgary.

The ladies of the Anglican church here have organized a guild and are making plans to do some repair work on the church, which is badly in need of attention.

Miss Marjorie, bride-elect, was given a shower at the home of Mrs. H. C. Morrison on Monday night. She was the recipient of many dainty gifts on this occasion.

The Indian village of white tents, which had stood below the town for a couple of days disappeared almost at sunrise the day after the sports, just as silently as they had come.

A gentle rain fell over the Cowley district all day on Sunday, which added another inch of moisture to the growing crops. There is now sufficient moisture in the earth to tide over a period of several weeks.

Cowley's annual sports day, which was postponed from May 24th to June 13th, was a decided success. The day was ideal and the usual large crowd gathered from towns in the Crows' Nest Pass to Pincher Creek and other points to enjoy the one day of all the year that Cowley citizens put on. The Indians, as usual, were present in full force, and as they moved about in their mocassins feet and gay dress added a touch of color to the day. The Doukhobors were very picturesque with their quaint shawls and many-colored costumes as they gathered in groups or strolled among the crowd. The races were perhaps the most exciting feature and the winners were as follows: Half-mile pony race—F. Diamond, first; H. Easterbrook, second. One-mile Indian race—Prairie Hen, first; Medicine Calf, second. Saddle horse race—Miss Annie Kemmis, first; Walter Wilson, second. Five-mile open race—Prairie Hen, first; Walter Wilson, second. Democrat race—Yellow Horn, first; Sharpedge, second. One-mile open—Flow Diamond, first; Medicine Calf, second. Walk, trot and run—Jim Little Leaf, first and second. High jump—Johnnie Barr, first; B. Eddy, second. Bucking—Buster Connelly, first; Joe Warrior, second; Bob Battiste, third. Half-mile Indian—Prairie Hen, first; Many Guns, second. Relay—Little Moustache, first; J. Crowshaw, second. Foot race—J. Kerr, Passburg, first; R. Blake, Bellevue, second. Baseball—Hillcrest and Pincher Creek, 6 to 2 in favor of Hillcrest. The day's excitement wound up in a big dance, which was very largely attended. Tustian's orchestra was in attendance.

Consumption Of Meat In Canada

Figures Go To Prove That Pork Is the Favorite Meat

Pork is the favorite meat of Canadians, according to a recent compilation on the meat and poultry consumption of the people of the Dominion made by the Canadian Government Bureau of Statistics. The daily consumption of meat and poultry in Canada is about 1.5 ounces for every man, woman, and child. This means an annual consumption of 775,150,815 pounds of pork; 654,543,623 pounds of beef; 58,191,717 pounds of mutton and lamb; 63,335,591 pounds fowl and chickens; 14,138,558 pounds turkey; 4,884,880 pounds duck; and 9,880,000 pounds geese. In addition there is an annual per capita consumption of 29.67 dozen eggs, of a total of 282,058,092 dozens. Canada's egg bill alone is valued at over \$115,000,000 annually. The per capita annual purchase of meats is 81.43 pounds of pork; 68.76 pounds of beef; 9.69 pounds of poultry; and 6.11 pounds mutton and lamb. This represents half a heavy hog, a small hind quarter of beef, two chickens and a lot of lamb for every member of every household in Canada, an expenditure at average prices of the different commodities of \$13.99 per person, per year. For the whole of Canada, this would amount to approximately \$410,173,710 exclusive of the \$113,000,000 egg bill.

Work Of Fuel Board

The Dominion Fuel Board since its inception has conducted exhaustive studies with a view to making Canada independent in the consumption of fuel, with the result that Pennsylvania anthracite is being displaced by other fuels in Ontario and Quebec to the extent of 1,500,000 tons a year. Another beneficial feature is that a variety of fuels has established competition in the markets of domestic fuel supplies.

Studebaker To Build Canadian Automobiles For Canadians

Friendly Divorcement Of Canadian Organization From Studebaker Corporation Of America

With the announcement of a far-reaching reorganization of both administrative and manufacturing policies, the Studebaker Corporation of Canada, Ltd., has assumed a friendly divorce from the Dominion's largest independent manufacturers. The announcement, which indicates a friendly divorce from the Canadian Studebaker Corporation of America, was issued by A. R. Erskine, president of both industries.

The new Studebaker organization will be directed by D. R. Grossman, formerly sales manager for Studebaker in the Dominion. Mr. Grossman's title will be vice-president and general manager. ALL ROADS WILL LEAD TO
BLAIRMORE JUNE 29-JULY 2

Commencing Friday, June 29th, the fourth annual carnival will be staged in the arena under the auspices of the Blairmore Lodge of Elks. The carnival will be conducted this year along new and novel lines and will continue for three days and conclude on Monday night, July 2nd.

The usual three nights of joy are offered, and promise to be bigger, better and funnier than ever. There will be stalls of blankets, dolls, parrots, cushions, electric irons and toasters, aluminum ware, Spanish shawls, house-houses, coconut shies, race tracks, etc.

During each evening dancing will be a feature, for which the Knights of Rhythm will furnish music. A refreshment stall will also be operated to look after the wants of the inner man.

Coupled with this big event is the annual field day programme being staged Monday, July 2nd, under the auspices of the Blairmore Branch of the Canadian Legion, when a splendid programme of field sports, including football, baseball, jumps, foot races, etc., will be carried out. Big features of the day promise to be the football match between Leithbridge All-Stars and Bellevue, and the Junior First Aid competition.

A brass band will be in attendance

during the afternoon and evening.

Thus, all roads will be leading to Blairmore during the period from June 29th to July 2nd, and every citizen of The Pass should be on hand to make merry.

Blairmore's 1928 municipal tax rate has not yet been set.

Little Girl (having seen a Highland piper for the first time): "Oh, please, Mr. Policeman, can't you come to the rescue? There's a man squeezing something under his arm, and he's hurting it terribly."

The Alternatt orchestra furnished music for a dance at the Kootenay hall, Natal, on Tuesday night. This orchestra will also supply music for a dance to be held in the Moose hall here on Wednesday night of next week and at the Union hall, Frank, on the night of Monday, July 2nd.

Colonel C. A. Hodgetts, D.S.O., director-general of the St. John Ambulance Association of Canada, was a visitor to Blairmore on Tuesday of this week, for the purpose of examining the Blairmore Senior First Aid team. The team comprises: M. H. Congdon (captain), John McAndrew, Harvey Carmichael and Andy Hnatyshyn. Mrs. Barnes' two girls' teams were also examined for the Dominion championships. The examinations took place in the Elks' hall at 2:30 and 7:30 p.m.

Local and General Items

R. Levitt, president of District No. 18, U.M.W. of A., arrived here on Friday's train and is working very earnestly on a new wage scale for the miners.—Merco correspondence in the Edson-Jasper Signal.

ELKS' ATTENTION!

All Elks are requested to report at the Arena every night of next week, commencing Monday. There is work for all and then some. Bring your hammer and saw. There are booths to build and other work to be done.

Rev. J. N. Wilkinson, former pastor of the United Church at Pincher Creek, is seriously ill in hospital at Calgary.

Chief Warden Langford has received a number of pamphlets which mysteriously answers questions regarding the prevention of forest fires. A disk on the inside is turned to such a question as "How can I be sure of leaving my campfire safe?" and a steel pointer on the front cover points to the answer: "Put dead out and in ten minutes put dead out again." A magnetized needle explains the mystery. The pamphlet states that 91% of the forest fires are caused by human carelessness.—Edson-Jasper Signal.

Another page of local history was written on Sunday, June 17th, when the first automobiles ever to reach Corbin under their own power were taken from Blairmore to the B. C. town. The caravan consisted of a Studebaker sedan, a Chevrolet sedan and a Chevrolet coupe. Earl E. Linville acted as lead driver and blazed the trail, over which it is anticipated many other drivers will find their way. The road used leaves the Red Trail near Crow's Nest, and is being constructed through the co-operative enterprise of the Blairmore Board of Trade and residents of Corbin, the expense being borne jointly.—Ex.

They seem to be having a h— of a time revising the Anglican prayer book in the British house.
